FITMENT INSTRUCTIONS

REPLACING REAR DOOR AND KITCHEN KIT BAMBOO BOARD [S-RD-DDT-CB]

Installation Instructions

Preliminary information

Installation and fitment instructions includes the tools required, fasteners included in the kit, and the hardware included in the kit.

Please follow the instructions and check installation steps with the images in this document.

Alu-Cab recommends that all sealing work is allowed to cure for 24 hours, after which you may drive the vehicle on normal paved roads. Before driving off-road with your Alu-Cab product or operating your roof conversion, an additional cure period of 48 hours is required.

Failure to follow these instructions will void your warranty. Please ensure that you follow the sealant manufacturers curing time as per their technical data sheet.

These times may differ slightly from the times we have recommended.

Installation Instructions

Tools, Fasteners & Hardware

1.1

Tools & Items Required

3mm Allen Key/ Allen Key Socket
Ratchet

1.2

Items Supplied (included with Spares Kit)

PART DESCRIPTION	QTY
DROP DOWN TABLE CUTTING BOARD (INCL 3x M5 WOOD RIVNUTS)	1

1.3

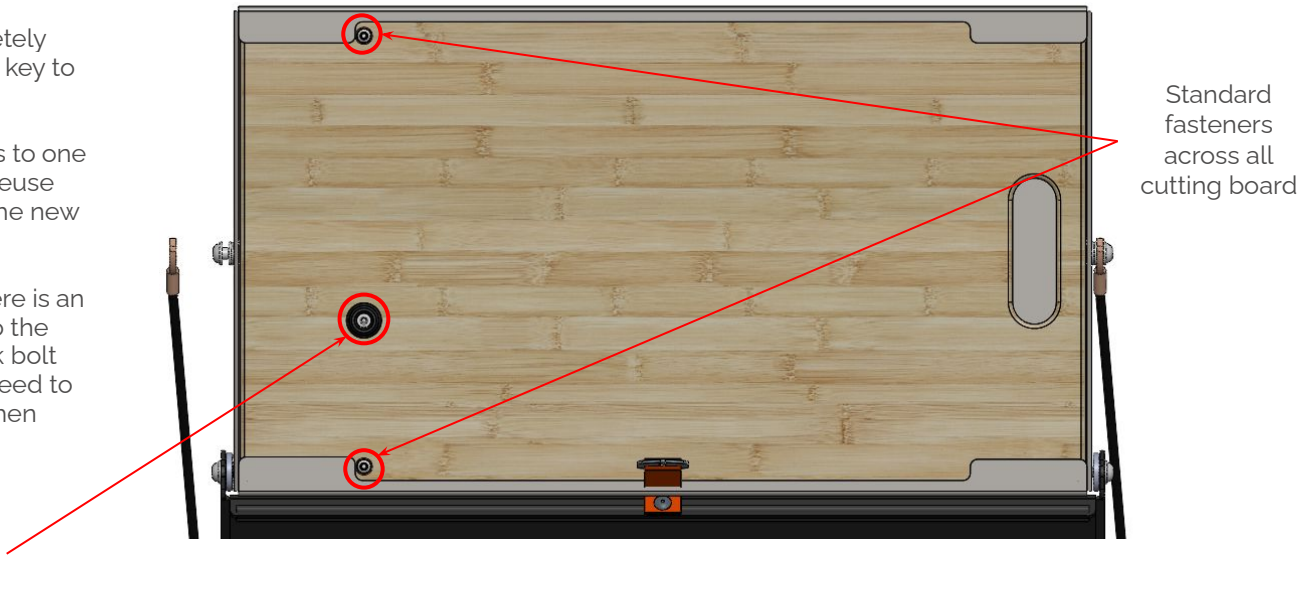

Items

Cloth

Installation Instructions

2 **Remove Old Cutting Board:**

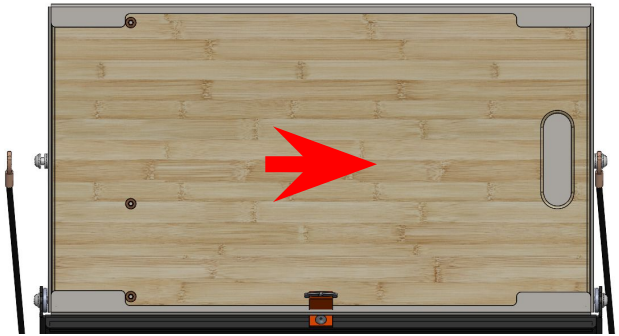

1. With the cutting board completely stowed away use a 3mm Allen key to unscrew all the M5 fasteners.
2. Ensure to keep these fasteners to one side as it will be necessary to reuse the fasteners when installing the new cutting board.
3. Note: For the C2 kitchen kit there is an additional fastener mounted to the cutting board, the countersunk bolt and the tensioner toggle will need to be removed and reinstalled when fitting the new cutting board.

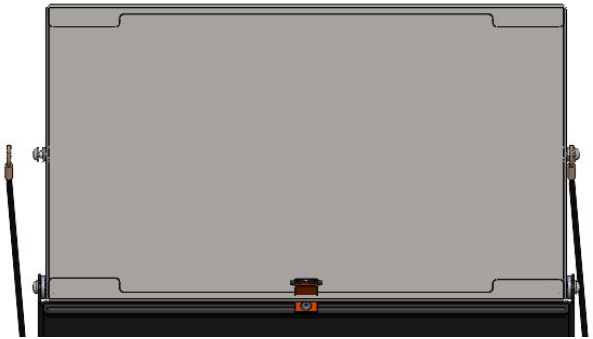

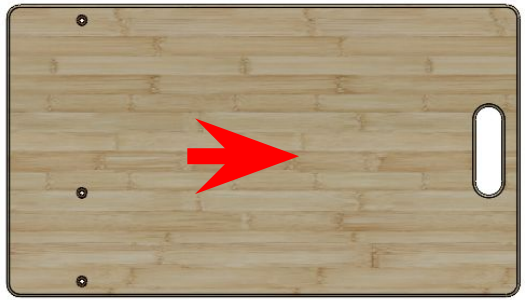

Installation Instructions

3 **Remove Old Cutting Board:**

With the all the fasteners now removed it is possible to slide the cutting board out of the stainless-steel housing. Completely removed the board.

Installation Instructions

4 **Install Spare Cutting Board:**

The spare cutting board comes with the rivnuts already installed, therefore you can just slide it back into the stainless housing.

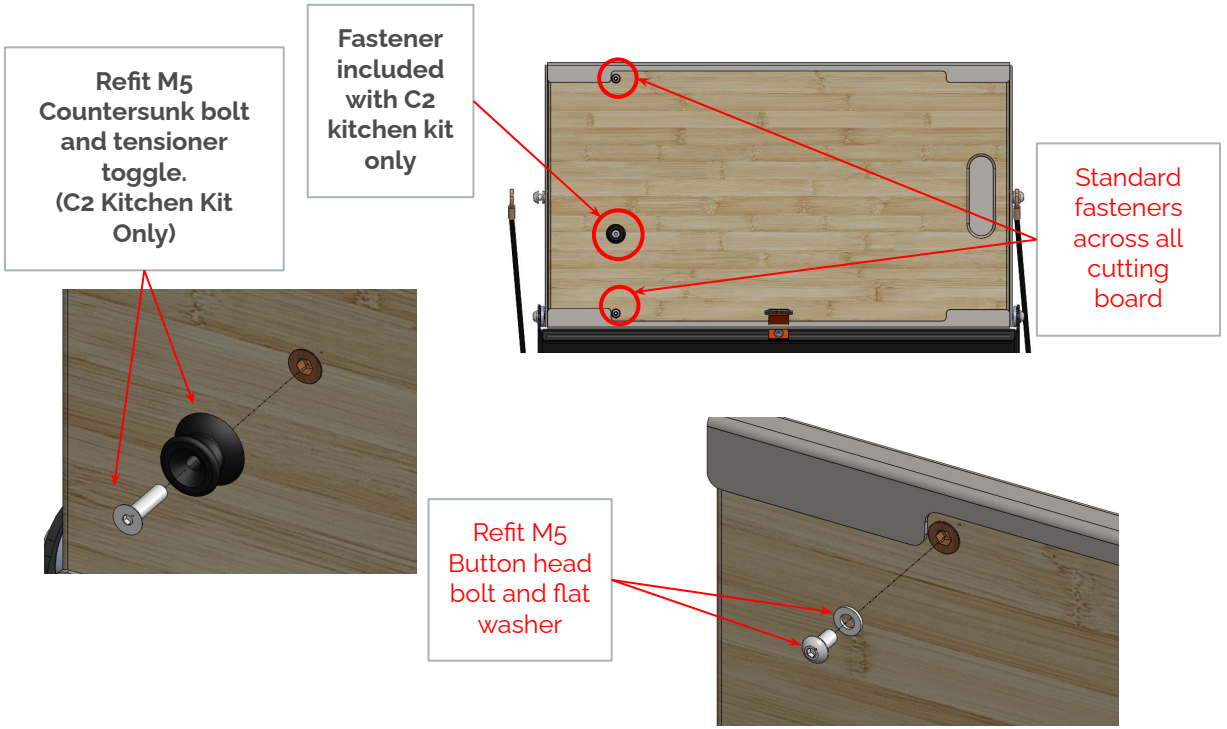

Installation Instructions

4

Install Spare Cutting Board:

1. With the cutting board fitted into its housing, please fasten it in place using the M5 fasteners removed from the old cutting board
2. Ensure to tighten the fasteners properly. **NOTE** that the rivnuts can become damaged if you over tighten them
3. **Note**: For the C2 kitchen kit there is an additional fastener mounted to the cutting board, the countersunk bolt and the tensioner toggle will need to be reinstalled when fitting the new cutting board.
4. Wipe down the board using the cloth to ensure a smoother slide.

Review all instructions information carefully before installation.

Any damages, direct or incidental to the installer and/or property due to incorrect installation of any parts are the responsibility of the installer. Due to the various applications and fitment options available, the responsibility lies with the user to ensure all mounting points are secure and tight before every trip.

If unsure, consult with your Distributor regarding the operations of our products.

Users are advised to be mindful of the load they are carrying and drive in accordance with road conditions.

WARNING

Always wear appropriate PPE (Personal protection equipment) when fitting our products. Although the mounting kit is designed to be DIY, if you have any doubts or concerns, contact an accredited fitment centre to carry out the work. Alu-Cab will not be liable for any injury to persons, and/or damage to products and/or vehicles.
