Application:
Camping & Touring
Part No. & Barcode:
PN ARB4200
Barcode: 9332018045287
Product Group:
350 – General Acc. & Recovery
Availability Date:
Late March, 2017

Product Specification

The humble sleeping bag has been updated for the adult 4wder's and swag sleeper of all shapes and sizes. The ARB Deluxe canvas sleeping bag, spacious king single design offers room to move comfortably inside the bag as well as having a removable internal fleece liner for the cooler nights and easy cleaning. The sleeping bag is all wrapped in 280gsm 100% cotton canvas outer shell.

Need one for your partner? The ARB Deluxe bag can be joined together to form one mega double bag to keep you very warm on those cooler nights with a rating to -10°C.

ARB Deluxe canvas sleeping bag uses EXT hollow fiber fill, which has excellent advantages over down filled bags. Hollow fiber maintains warmth even when wet and dry's faster than down fill, plus hollow fiber does not hold dust particles therefore minimizing the potential for allergies. The outer shell is 280gsm 100% Cotton canvas internally lined with 100% cotton brushed flannelette for that deluxe feel and finished with a removable/washable 100% soft brushed fleece liner.

Category leading features such as removable hood with pillow pocket, zippered external pocket for keys or phones, zipper guards and dual zippers enable you to regulate heat around your legs. Join two bags together to make a mega double bag with zips located on the outer edge (no need for left or right handed bags). Your new ARB Deluxe sleeping bag is stored in a tough stuff sack with compression straps to keep it ready to go when you are.

Arriving late March 2017, this is a perfect time for customers to update their sleeping bag since we are approaching the cooler months of the year.

Features:

- Cotton canvas outer shell for strength and durability
- Luxurious brushed cotton flannelette lining for a deluxe feel.
- Internal pocket for storing keys, phone or midnight snacks
- EXT Hollow fibre for breathability, water resistance and warmth
- Full length draft barriers to prevent heat loss
- Removable hood includes a generous pillow pocket
- Dual zippers to help control comfort & warmth
- Zipper guards reduce zippers getting caught
- Removable fleece liner for easy washing and care
- Removable fleece liner makes the sleeping bag adaptable to any season
- Unzips flat to create a large doona
- Join two sleeping bags together to create a mega double bag
- Rectangular style compression bag for improved storage
